PETER THOMAS MOOSBRUGGER

Peter Thomas Moosbrugger is the driving force behind Peter Thomas Designs. For the past 12 years they've been building beautiful, unique, high end custom furniture for homeowners, business owners, the design community, hotels, and restaurants. Additionally Peter has designed his own collections of furniture to inspire and emotionally move their owners. "Furniture should be much more than just functional, it should make a statement about those who own it. It should tell a story and evoke an emotion that raises the human spirit!"

"My passion is custom furniture, I love every aspect of the creative process and the satisfaction of having customers who love the pieces we build for them and how they energize their home or business. That said, my greatest joy is working with my daughter Madisen who joined the team almost 5 years ago. She is exceptional at listening to, understanding, and meeting the needs of our clients." - Peter
